Education

Full Stack Developer
MasaiSchool
June 2024-present

Computer Hardware/Software
Govt-Polytechnic College
Nedumangud
June 2021 - April 2024

Technical Skills

JavaScript React

MongoDB

Responsive Web Design Git

CSS3 HTML5 Redux

Soft Skills

Adaptability

Time Management

Teamwork Problem Solving

Achievements

Bug Buster Bash 🔗
Govt polytechnic college Nedumangad

Aadithyan A S

Full Stack Web Developer

Professional Summary

Highly motivated Full Stack Web Developer skilled in MERN stack, including proficiency in Node.js and React.js. Demonstrates strong problem-solving and collaboration abilities, ensuring seamless front-end and back-end integration. Quick to adopt and apply Generative AI and new technologies, enhancing project development effectively.

Projects

CodeFit   Live Demo Link   Github Repo Link

TypeScript React Tailwind RESTful APIs

Node.js MongoDB

- Contributed to the development of a candidate recruiting web application using the MERN stack, demonstrating collaborative teamwork.
- Assisted in the integration of RESTful APIs for fetching GitHub profile data, showcasing understanding of API connections.
- Participated in backend development using Node.js and MongoDB, enhancing skills in server-side programming and database management.
- Developed features for candidate benchmarking and comparison, emphasizing data analysis and interactive graphical insights.

Movie Trailer Application   Live Demo Link   Github Repo Link

JavaScript React Git RESTful APIs

Responsive Web Design CSS3

- Developed a dynamic and responsive movie trailer application using React.js and Tailwind CSS, ensuring seamless user interactions.
- Implemented API integration to fetch and display real-time movie data, enhancing user experience with up-to-date information.
- Designed a minimalistic and intuitive user interface, facilitating easy navigation and improved accessibility.
- Utilized responsive design techniques to ensure optimal viewing on various devices and screen sizes.
- Applied best practices in JavaScript and Git for efficient development and version control.
